

# THE LOGISTICAL CHALLENGES OF HOSTING THE RAND SHOW AND HOW TO PULL IT OFF SEAMLESSLY

The Rand Show is a truly iconic multi-faceted consumer expo that focuses on introducing the public of South Africa to the incredible businesses, products and services that are available to them. It is a way for businesses to interact, face-to-face, with over 200 000 potential customers with anything from sports and lifestyle to outdoor and so much more!

But what makes the Rand Show such an extraordinarily successful event for both exhibitors and visitors?

The show's success lies in the level of detailed planning and organisation that happens behind-the-scenes to ensure that every single individual at the event is offered a world-class experience.

## 1. Ticket sales

Before the event even begins, a seamless ticketing system needs to be put in place. The Rand Show offers convenient online purchasing of tickets for customers at competitive prices. There's a reason why the Rand Show is one of South Africa's largest consumer exhibitions!

## 2. Parking

Starting at the very beginning. With the execution of any large-scale event, parking management is a challenge. The Rand Show is dedicated to providing its clients with an efficient and convenient parking experience, providing enough safe, easily located parking spaces to ensure the event is effortlessly accessed at all times.

The show's success lies in the level of detailed planning and organisation that happens behind the scenes to ensure that every single individual at the event is offered a world-class experience.

## 3. Security

Optimal security at any event is a challenge especially when the event is as complex as the Rand Show. The Rand Show focuses every effort to provide world-class security for a wide range of potential factors! We offer our clients a safe and secure experience throughout the venue, from allocated parking areas, to the gates and into the event.

## 4. Vendor placement and organisation

In order to ensure the success of each and every business that exhibits at the Rand Show, it is vital for a systematic plan to be created to place all vendors in an optimal location that will ensure they reach their desired target audience with

ease. The Rand Show has therefore been streamlined into categories. Visitors can enjoy a sports expo, kids expo, lifestyle expo, flower expo and so much more.

## 5. Staff

Whether an event is successful or not relies heavily on behind-the-scenes strategies that are executed by staff. The Rand Show has spared no effort to hire only the best staff to handle any needs that may arise from our visitors and exhibitors. From medical staff to sanitation staff and security, our staff are the best at what they do and are guaranteed to help at all times with a smile.

The Rand Show goes out of its way to plan and execute excellent strategies

to overcome all logistic challenges that will impact the experience of our clients! Join us this year for an unforgettable experience.
