

ONE MILLION VISITORS CAN'T BE WRONG

The Johannesburg Expo Centre has been South Africa's most beloved multi-purpose venue for decades – just ask its clients.

Since the dawn of the new millennium, the Johannesburg Expo Centre has played host to more than one million visitors, delegates, and guests. Boasting an impressive CV of over 1 000 shows, the Expo Centre remains within the upper echelon of multi-purpose venues. Its roster of annual events could not be more diverse – from Electra Mining, to the ANC National Policy Conference, Automechanika, Bauma Conexpo Africa, Rand Show, to major political gatherings, and the inimitable Ultra Music Festival – the Expo Centre is the canvas to bring your event to life.

But even the most standout venue can't function at its best without strong and visionary leadership. The Centre is owned by the UK-based Montgomery Group, black economic empowerment consortium Fluxrab (led by Andrew Mthembu), local entrepreneur Raymond Burke and CEO Craig Newman. Craig is an industry stalwart, and he has harnessed his extensive experience in the business-events sector to offer the Expo Centre's clients and visitors a world-class service; and to ensure that their experience always exceeds their expectations.

Nobody expresses the Johannesburg Expo Centre's professionalism better than the clients themselves:

"Expo Centre hosted Electra Mining Africa for our 46th year edition in September 2018. The show was an overwhelming success. This is the perfect home for the show. No other venue allows for our needs like Expo Centre. The venue is in pristine condition, allows for the heavy machinery on display, has ample parking for our 30 000 visitors and more than 12 000 exhibitors' staff. The exhibition halls are functional, spacious and conducive for doing business. Then there is the outside areas – these help create a carnival atmosphere. Outdoor exhibits, eating areas and exhibits on the Lake contributed towards creating an event that is like no other on the African continent. We highly recommend the venue as a place where people can meet!"
Gary Corin, Managing Director, Specialised Exhibitions

The Top 10 reasons to choose the Johannesburg Expo Centre as the home for your next event:

- 1. FLEXIBLE VENUE**
Indoor and outdoor multipurpose facilities
- 2. MASS EVENTS**
Over 150 000 m² of space
